## Matang Mangrove Forest

Matang Mangrove forest in Perak is a place with rich variety of mangrove habitats and ecosystems. It is acknowledged as The World's Best Managed Mangrove Forest with a history of more than 100 years of systematic management. With an extent of around 40,500 hectares, it is the largest mangroves in Perak, and also within the Peninsular Malaysia. Due to its sheer extent, and reputation of a remarkable sustainable forest management, Matang has also become an excellent destination for ecotourism.

## Aim Of Conference

To gather policy makers, researchers, managers, local community among others, for the development of new ideas for Matang Mangrove Forest Management.

## Objectives

To bring together national, regional and international researchers, forest managers, NGO's and local to share experiences and knowledge to strengthen the sustainable management of Matang Mangrove ecosystem challenges.

## Conference Themes

1. Biodiversity, Environment & Research and Development.
2. Policy & Management.
3. Social, Economic & Sustainable Development.

## Who Should Attend

- Researchers;
- Academicians;
- Policy Makers;
